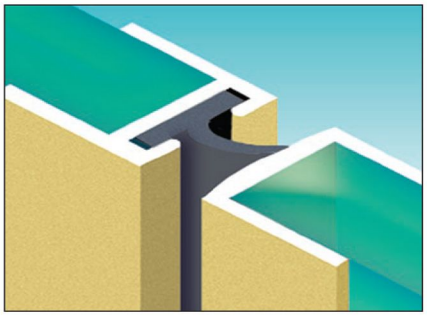
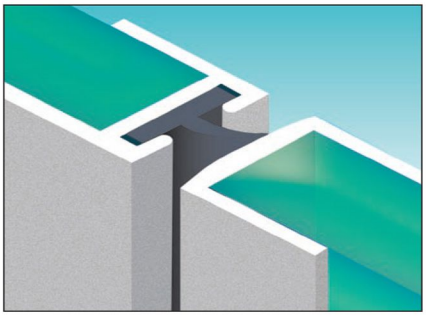
For double swing double leaf doors, large single swing doors & plate glass doors

SNG/025



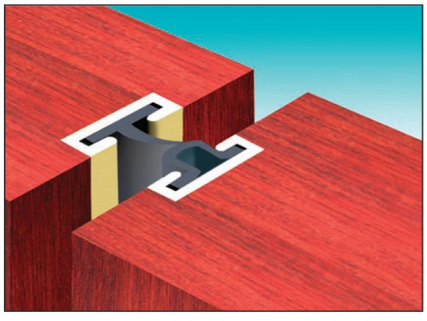
SPG

SNS/022



SPS

SMG/024



SMG/007

APPLICATIONS

A specialist range of stop seals for both timber and glass doors.

FEATURES & BENEFITS

Typhoon SM section holders are designed to be rebated flush into the head, meeting and hanging stiles of hinged or pivot doors that swing through 180° and in the meeting stiles of pairs of doors where both leaves are free to open.

The SM holder may be used with any of the Typhoon range of seal inserts.

Typhoon SN section holders are designed to fit over the edge of 12.5mm or 10mm plate glass doors. For 10mm glass doors neoprene packing should be used on either side of the glass (available from Sealmaster ex stock). The SN holder may be used with any of the Typhoon range of seal inserts.

Typhoon SP section holders are designed to be fitted opposite the Typhoon SM section holder seal options on pairs of plate glass doors.

HOW TO SPECIFY

e.g. Sealmaster Typhoon SMS/022 to suit pair of double swing doors in …… mm high by ….. wide opening.
